

# OREGONIANS, DID YOU KNOW?

OREGON IS 1 OF 6 STATES WITH AN INDOOR MASK MANDATE

The Oregon Health Authority (OHA) wants to:

- » Make the indoor Mask Mandate permanent and include a \$500 fine for noncompliance
- » Mandate immunization for all children and exclude exemptions
- » Exclude natural immunity as a vaccine exemption
- » Exclude children from public schools who are unvaccinated
- » Launch a digital vaccine passport in March 2022

A vaccine passport program would exclude unvaccinated people from all of society and segregate citizens in the state of Oregon.

The Covid-19 Vaccine does not stop viral transmission and these proposed measures will not stop the spread of disease.

**WE MUST STOP OHA FROM THESE TYRANNICAL AND UNSCIENTIFIC MEASURES!**
